

# Vijay Rawat

## Flutter Developer

+91 80974 33514 | vijayr.hcl@gmail.com | [LinkedIn](#) | [GitHub](#) | Mumbai

## PROFESSIONAL SUMMARY

---

Flutter Developer with 7 years of experience in mobile app development, including 4 years in Android development and 3 years specializing in Flutter. Proficient in mobile app architecture, state management solutions (Provider, Bloc), and end-to-end app delivery. Skilled in cross-functional collaboration with backend and UX teams, ensuring scalable, high-quality applications.

## TECHNICAL SKILLS

---

**Programming Languages:** PHP, Java, Kotlin, HTML | **Frameworks:** Flutter, CodeIgniter, Vue.js | **Frontend:** HTML, CSS, jQuery, Flutter, Vue.js | **Backend:** Node.js, PHP, CodeIgniter | **Tools:** Git, GitHub, GitLab, BitBucket, Postman | **Databases:** MySQL, MongoDB | **Methodologies:** MVC, MVVM | **Library:** Provider, Bloc, Riverpod | **Others:** Mobile Architecture & Design Patterns, Cross-functional collaboration with backend and UX teams, API Development & Integration

## PROFESSIONAL EXPERIENCE (7+ Years)

---

**Flutter Developer** | Jan 2022 - Present

**Mobcast Innovations** | Mumbai

- Developed a financial calculator app using Flutter, implementing scalable mobile app architecture and design patterns.
- Enhanced app performance and user experience through state management solutions (Provider, Bloc).
- Collaborated with backend and UX teams to define and finalize app requirements, ensuring seamless service integration.
- Integrated multiple third-party libraries and APIs, adding dynamic features to improve user interaction.
- Provided technical guidance to the team, preparing detailed solution designs aligned with business and technical requirements.
- Conducted thorough testing and debugging, resulting in **30% reduction in bugs post-launch** and high user satisfaction.

**Full Stack Developer** | Apr 2015 - Dec 2021

**Programmer Cube** | Mumbai

- Led the development of mobile applications, including a logistics app and an online examination portal, leveraging 4 years of Android development expertise.
- Built and maintained Android applications, ensuring performance and responsiveness across diverse devices.
- Implemented scalable codebases using state management solutions (Provider, Bloc, Riverpod), improving app performance by **40%**.
- Collaborated with backend and UX teams to deliver smooth functionality and an optimal user interface.
- Integrated third-party APIs and external services, enabling advanced features across multiple applications.
- Conducted extensive testing, debugging, and optimization, achieving **50% improvement in app stability**.

## PROJECTS

---

**Financial Calculator App** | Jan 2022 - Present

**Mobcast Innovations**

- Enhanced app performance and user experience through state management solutions (Provider, Bloc).
- Collaborated with backend and UX teams to define and finalize app requirements, ensuring seamless service integration.
- Integrated multiple third-party libraries and APIs, adding dynamic features to improve user interaction.

**Logistics App** | *Apr 2015 - Dec 2021*

**Programmer Cube**

- Built and maintained Android applications, ensuring performance and responsiveness across diverse devices.
- Integrated third-party APIs and external services, enabling advanced features across multiple applications.

**Online Examination Portal** | *Apr 2015 - Dec 2021*

**Programmer Cube**

- Implemented scalable codebases using state management solutions (Provider, Bloc, Riverpod), improving app performance by **30%**.
- Conducted extensive testing, debugging, and optimization, achieving **25% improvement in app stability**.

---

## EDUCATION

**Bachelor of Science in Information Technology** | *Oct 2020*

**Mumbai University** | *Mumbai, Maharashtra, India*

**HSC in Commerce** | *Feb 2009*

**Maharashtra State Board** | *Mumbai, Maharashtra, India*

**SSC** | *Mar 2007*

**Maharashtra State Board** | *Mumbai, Maharashtra, India*
